

28th May
Day Three – Wednesday – BCA Leadership Forum

MC / Q&A and Panel Facilitator – Jehan Casinader

7.30am	Registration & Expo
8.30am	Building Reform – TBC Challenging the status quo and current approaches. Improving sector behaviour delivering on accountability? What are the challenges / what are the opportunities. What has happened before, making yourself heard to shape the environment. We hear from an experienced leader in the sector.
9.15am	Resourcing and Innovation for the Future - Technology / AI Direction in the Regulatory Environment - Tony Wells – Objective Taking us on a journey. IT Technology is a fast-paced sector and what we are today is a redundancy timeline, Tony will detail where regulatory software and IT are heading and by implication the resources needed including staff skillsets. IT solutions are ideally targeted at making lives easier by consistency and quality outputs. Dovetailing the needs of regulators and technology requires innovation and resource. Tony will take us down a path of awareness and understanding future working environments. Tony's presentation will precede short digital panel discussion where members can test future needs against technology direction.
10.00am	Morning Tea
10.30am	Natural Hazards – Charlotta Harpur & Laura Bielby – Rice Spier Changing environmental impacts will mean new challenges for building and building legislation.
11.00am	Insurance – John Lucas - Insurance Council of New Zealand (ICNZ) Bringing together design, build and repair certainty to achieve insurance affordability.
11.30am	BWOF – The case for Change – TBC Do recent incidents and practices indicate causes for change – learning and findings. Is it time to put resource where it is needed and identify the responsibilities? Who needs to step up? A National BWOF Register? BCA Collective ownership? What can BCAs do and who needs to do what?
12.00am	Exhibition & Monitor Sessions
12.30pm	Sit down lunch with Guest Speaker Risk and the current Building Reform - Prof. Kim Lovegrove Is New Zealand's increasing building legislative risk exposure swimming against best practice and world-wide directions.
